

Home Delivery Retail Network Listing

Retail pharmacies were recently given the opportunity to participate in the BlueCross BlueShield of Tennessee home delivery pharmacy network. This expanded home delivery pharmacy network allows participating retail pharmacies to dispense most prescriptions in quantities greater than a one-month supply, when appropriate. Members can either pick up their prescription at the retail pharmacy, or ask to have it mailed (at no extra charge).

The Home Delivery Retail Network is available to you if your pharmacy benefit limits a quantity days supply at retail and you have the home delivery option. If you need help determining if this network is part of your benefit plan, please contact the member services phone number located on the front of your membership ID card, or submit an e-mail request at www.bcbst.com. The following chains are just some of the pharmacies that participate in the Home Delivery Retail Network:

CVS
Eckerd
Food City
Fred's
K-mart
Kroger
Publix
Sam's Club
Super D
Wal-Mart

Please scroll down for a complete listing of providers.
