

## What is a School-Parent Compact?

A School-Parent Compact is an agreement that families, students, and teachers develop together. It explains how families and teachers will work together to focus on students' growth and achievement.

Effective Compacts:

- Describe how teachers will help students develop skills using high-quality instruction.
- Share strategies families can use at home to promote student growth and achievement.
- Explain how teachers and families will communicate about student progress.

## Jointly Developed

The Kenwood High School community works together as it welcomes input from a variety of sources to include parents, local community businesses and service organizations, as well as teachers and staff.

We continually focus on our students and the way in which to improve the quality of education and our school programming to support the social and emotional development and academic growth of Knight Nation.

We would be happy to speak with you about your questions or suggestions at any time. Reach out via email or phone.
